

# ICS-1, ICS-2, ICS-3 Series

## Ice Express System

### Features

- Moves large quantities of ice safely and quickly to where it's needed.
- Eliminates carrying of ice buckets or scooping ice into carts.
- Ice flow from bottom of bin means "first ice in, first ice out" for fresher, cleaner delivered ice.
- All models available with all stainless steel construction with polyethylene ice carts.
- Poly carts have foam insulation preserves ice supply for long periods. Polyethylene bin interior is sanitary and easy to clean and resists scratches and scuffs from ice scoops.
