

Edlund/ NEW! ARC! XL™ Manual Fruit & Vegetable Slicer

Edlund's new ARC! XL stainless steel manual slicer takes on the big guys that other slicers are afraid of. We mean the big beefsteak tomatoes and the colossal onions that are just too big or too hard to slice in other machines. And like the original ARC!, It will slice those onions and tomatoes perfectly, as well as many other hard and soft products, in the same machine. Need to cut heads of lettuce? No problem. The ARC! XL's hopper is large enough to do a great job on Iceberg and other lettuce products.*

Plus, with our exclusive patent-pending design, you never have to place any product directly on the blades. Our unique Pusher/Hopper allows safe and perfect positioning of the product to be sliced, as well as for loading smaller soft products for faster bulk slicing. And the oversize hopper even makes short work of slicing cooked chicken breasts.

Blade cartridges and pusher/hopper assemblies take less than 30 seconds to remove for cleaning or to change sizes, and with Edlund's proprietary safety wash guards, you never have to worry about handling the extra sharp blades.

This is the revolutionary new slicer that takes on the big jobs, and provides even bigger results.

The ARC! XL from Edlund....Go Big or Go Home!

- Slices almost anything, from Apples to Zucchini
- Exclusive Patent-Pending design
- Slices Onions and tomatoes up to 4 1/2"
- Shreds heads of lettuce*
- 3/16", 1/4", and 3/8" sizes available
- Front load design accepts 1/2 and full size pans up to 6" high
- All Stainless steel construction
- Ergonomic two-handed design for easier slicing
- Stainless steel blade cartridge and pusher assembly remove easily with no tools
- Unique pusher/hopper keeps fingers away from blades
- Proprietary wash guard protects operators from cuts during cleaning
- Dishwasher safe (tall door type)
- NSF Certified
- Made in U.S.A.

Takes on the big guys and cuts them down to size!

With the ARC! XL's exclusive patent-pending pusher/hopper design, you never have to worry about placing products directly on the blades. Plus, with its 4 1/2" x 4 1/2" opening, jumbo beefsteak tomatoes and colossal onions are easy to slice. Heads of lettuce too*!

Heavy duty pusher/hopper and blade cartridge remove in seconds with no tools for easy dishwasher safe cleaning, and Edlund's exclusive washguard system attaches to blade cartridge to ensure safe handling of sharp blades.

"Strive for perfection in everything you do. Take the best that exists, and make it better. When it does not exist, design it."

-Henry Royce

Now you have two ARC!'s to choose from. The ARC! XL is designed to handle larger, heavier items, or for higher volume usage.

The ARC! XL fits in a standard dish rack for easy dishwasher safe cleaning.[†]

*Note: Some lettuce may need to be cut in half

†Note: Tall door type dishwasher
