About the Vertical Series

SERIES IS NOW EXTENDED TO 16 YEARS FROM ITS ORIGINAL 12.

The Rye Vertical Series is a unique opportunity to follow a group of 450 MGP barrels as they age, witnessing the evolution of flavors over the span of their 13-year journey.

In an unprecedented exploration of the impact of age on whiskey, The Vertical Series allows rye lovers to experience the arc of flavors that come with each additional year of age, from 4 to 16 years. The Vertical Series is perhaps the truest expression of Pinhook's ethos to produce the best whiskey—not the same whiskey— with every vintage.
