ELECTRIC CONVEYOR OVEN – STONE BELT

The IKON C3240E-SB Electric Conveyor Oven is equipped with an innovative refractory stone conveyor belt. Achieve stone-baked results with the convenience of a conveyor oven system. Independent temperature controls for both the upper and lower oven sections and high temperature cooking allow for precise baking performance. Bake authentic pizzas, focaccia, pita bread, tortillas, vegetables, brochette, tarts, chicken wings, meats and more in an oven unlike any other.

STANDARD FEATURES

Patented EMS Energy Management System reduces energy consumption and increases cooking efficiency

Independent digital temperature controls for upper and lower baking zones

40" (103cm) long cooking chamber with 32" (81.5cm) width stone tile conveyor belt

Maximum cooking temperature 842°F (450°C)

Conserves Energy

Unit incorporates a patented Energy Management System. IKON ovens provide very efficient heat transfer to product. Energy is conserved as air is recycled from heater to product, with minimum loss. Oven is cool to the touch.

Easily Services

Control compartment is designed for quick and easy access.

Self-lubricated bearings for simplified maintenance

Digital control bake time and conveyor speed

Stainless steel front, sides, top and interior

Crumb-collecting removable trays for easier cleaning

Reversible conveyor direction

Adjustable inlet and outlet shutters

Durable support stand with heavy duty casters

Cleanability

C3240E-SB Oven removable parts include: crumb pans, side shutters, stone tiles. Attached steel brush makes it easy to clean carbon dust buildup on stone tiles.

Warranty

One year parts and labor warranty

Ventilation

Use of a ventilation hood is strongly recommended.

THIS OVEN CAN BE DOUBLE STACKED

Note: If double stacked an optional support stand with short legs must be ordered.
